Additional information will be on the UTSA TEExES website as it becomes available.
http://education.utsa.edu/texes

IMPORANT:
Students that pass subject areas of the new Core Subjects exams to retain that passing performance and only be required to retake sections on which they are not successful. More information will be shared as it becomes available.

Students who pass the current Generalist tests will have two additional years to use the passing results: however, all remaining requirements for those certificates must be completed by August 31, 2017. An application and a recommendation must be received by October 30, 2017, in order to issue the current Generalist EC-6 and Generalist 4-8 certificates.
