NOTES

- 1) Total number of hours for the Master's degree in Clinical Mental Health Counseling is 60.
- 2) UTSA requires a background of 18 semester credit hours in a field of study appropriate to the master's degree sought. Students with the appropriate background in Education, Psychology, Sociology, or a related human service field generally will not be required to take background requirements for the degree. Students who are admitted to the program without appropriate background courses must take required background courses. Background courses must be approved by the Graduate Advisor of Record.
- 3) Every Master's degree candidate at UTSA is required to pass a Comprehensive Exam via a professional portfolio in order to be awarded the Master's degree.
- 4) With departmental approval, a maximum of six hours of coursework already taken and passed with a B or better in an equivalent course at the graduate level at another university or in another education- or counseling-related degree program may be applied to the degree and must be transferred during the first semester of study at UTSA. No class counted toward another degree can be used to satisfy the requirements of the M.A. in Clinical Mental Health Counseling. Classes applied to another graduate degree may serve as substitutes for up to 6 hours of core classes with the student's advisor's approval (but students will need to take additional courses, with advisor approval, to achieve the 60 hours necessary for the M.A. degree). Students will need to provide copies of the course syllabus and transcript indicating course completion and grade.
- 5) Graduation candidates must apply for graduation early in the semester in which they plan to graduate through the ASAP student account. Deadlines are posted on the schedule of classes.

Clinical Mental Health Counseling Suggested Course Sequencing:

SUGGESTED COURSE SEQUENCING									
PART-TIME									
Year 1			Year 2			Year 3			
Fall	Spring	Summer	Fall	Spring	Summer	Fall	Spring	Summer	Fall
