N O T E S

- 1) Total number of hours for the Masters in Education in School Counseling is 48.
- 2) UTSA requires a background of 18 semester credit hours in a field of study appropriate to the master's degree sought. Students with the appropriate background in Education, Psychology, Sociology, or a related human service field generally will not be required to take background requirements for the degree. Students who are admitted to the program without appropriate background courses must take required background courses. Background courses must be approved by the Graduate Advisor of Record.
- 3) With departmental approval, a maximum of six hours of coursework already taken and passed with a B or better in an equivalent course at the graduate level at another university or in another education- or counseling-related degree program may be applied to the degree and must be transferred during the first semester of study at UTSA. No class counted toward another degree can be used to satisfy the requirements of the M. Ed. in School Counseling. Classes applied to another graduate degree may serve as substitutes for up to 6 hours of core classes with the student's advisor's approval (but students will need to take additional courses, with advisor approval, to achieve the 48 hours necessary for the M.Ed. degree). Students will need to provide copies of the course syllabus/i, transcript indicating completion and grade (and whether the course was used to satisfy requirements for another degree), and relevant work from the course (e.g., course paper, exam, evaluations).
- 4) Every Master's degree candidate at UTSA is required to pass a Comprehensive Exam via a professional portfolio in order to be awarded the Master's degree.
- 5) Only two courses with a grade of "C" will be accepted toward this degree.
- 6) Students must earn a "B" or better in all clinical courses (COU 5393, COU 5683, COU 5793, COU 5803 & COU 5813). Students who earn a failing grade must retake that course and earn a "B" or better before progressing in the clinical course sequence.
- 7) Graduation candidates must apply for graduation early in the semester in which they plan to graduate through the ASAP student account. Deadlines are posted on the registrar's website.
