Purpose of Program
The Ph.D. in Counselor Education and Supervision is intended to prepare professionals for future careers in academic, clinical, research, and consultation settings. This degree program is nationally accredited through the Council for Accreditation of Counseling and Related Educational Programs (CACREP). Program graduates will have opportunities to acquire: (a) advanced theoretical knowledge, (b) advanced clinical skills, (c) research skills, and (d) advanced clinical supervision skills necessary to work in academic counselor education departments, and in school and community practice. Students will be expected to formulate their own philosophy and approach to the counselor education field. Multicultural competencies will be emphasized throughout the program.

The Doctoral program objectives include opportunities for:
- Research
- Scholarly writing
- Clinical supervision with practicum students
- Supervised co-teaching experiences
- Advanced clinical competencies
- Advanced multicultural competencies

Program Options
Students pursuing the degree will be required to pass a qualifying examination prior to admission and candidacy. All candidates will be required to submit a scholarly contribution in the form of a dissertation as partial fulfillment of the requirements for this Doctorate (see dissertation handbook). All students will be evaluated by the fitness to practice policy of the Department (see doctoral handbook).

Foundation courses (48 semester credit hour or equivalent)
Master’s degree coursework

General core courses (37 semester credit hours)
