Final Semester
STUDENT TEACHING/ INTERSHIP

Student teaching is an essential component of the teacher certification program. All UTSA students should make plans to be available for full-time student teaching during the final semester. Student teaching is offered during the fall and spring semesters only. Students should apply for student teaching one long semester in advance.

Students who have extensive experience as an instructional assistant or as a permanent long-term substitute teacher may qualify for a Post-Baccalaureate internship. Specific requirements for and general information about the internship are available in the COEHD Advising and Certification Center. Experience may be documented by submitting a service record or a letter from the headmaster/principal of the accredited school indicating the length of service and the subjects and grade levels taught.

Refer to UTSA catalog for course description and prerequisites.

C&I 4646 Student Teaching Secondary

EXAMINATION REQUIREMENTS

All candidates for certification in the state of Texas must pass state-mandated exams, the Texas Examinations of Educator Standards (TExES). TExES Practice Tests and/or review sessions (as applicable) are required before registering for a TExES exam. For information about practice tests and review sessions, consult the COEHD website (http://education.utsa.edu/texes) or contact the TExES Office Hotline at 458-5788. Information is also available on the bulletin board located outside of the TExES office (located in MB 0.500). Preparation manuals for all TExES exams are available at http://www.texas.ets.org/.

#130  8-12 Pedagogy and Professional Responsibilities  Date Passed

#132  8-12 Social Studies  Date Passed

Prepared By: ____________________________  Date: ____________________________

Notes:
1. This Post-Baccalaureate Program is at the Undergraduate Level. If students apply to UTSA as Special (non-degree seeking) Undergraduates (SU), they will be changed to Certification Undergraduates (CU) upon consulting with an advisor and beginning the Certification Program. Please note that SU students have the lowest registration priority and are ineligible for most financial assistance programs.
2. The Academy for Teacher Excellence offers a graduate-level program leading to EC-12 Special Education, 4-8 Math, 4-8 Science, 4-8 Math/Science, 8-12 Math, or 8-12 Science certification through its ATEP program (Accelerated Teacher Education Program, or ATEP). For information, consult the ATE website at http://ate.utsa.edu/atep/index.html.
3. After 3 consecutive semesters of non-enrollment in the University, a student becomes "inactive". If they re-enroll, they must re-apply to the program and meet the current admission standards.
4. An "accredited school" is (i) either a public school or charter school accredited by TEA and appearing in the Texas School Directory published by TEA and updated on its website at http://askted.tea.state.tx.us/, or (ii) a private school accredited by the Texas Private School Accreditation Commission (TEPSAC) and appearing in the list of Accredited Non-Public Schools as published by TEA and updated on its website at http://askted.tea.state.tx.us/. If the experience is earned in a school located in another state, the school must be accredited by a state agency equivalent to TEA.
