Internship Opportunity

For Individuals enrolled in B.S. or M.S. Programs in Exercise Physiology, Exercise Science, Kinesiology, Athletic Training, Physical Education, Sports Management/marketing or related fields.

**Athletic Republic-New Braunfels** is looking for individuals to fill intern positions for both of our Indianapolis locations. This is a stipend internship.

**Athletic Republic-New Braunfels** is a place to learn new techniques in a hands-on environment as well as applying classroom knowledge. You will learn how the body works and how it adapts to physical and physiological demands in order to increase athletic performance. With all of the demands on athletes today, come and experience a natural and state of the art training system that works towards developing every athlete to their potential.

We are one of over 160 sites in the Athletic Republic Network worldwide and over 250,000 athletes including over 2,500 pro’s have trained with these programs.

As an intern you will be required to go through our classroom training program, hands on training and go through a portion of the Acceleration program as to experience what the athletes experience in their training. If you are an athlete you will be allowed to train on your own time with the Acceleration Program for your sport at no cost to you. This fringe benefit has been highly valued by previous interns.

**Minimum Work Requirements for the Internship Program:**
- 300 hours
- One Saturday per Month
- Must be First Aid and C.P.R. certified

To apply please mail/email a cover letter and resume to: Coach Kyle Foster
