PURPOSE OF PROGRAM
This program is designed for students who want to work with children and adolescents experiencing a wide range of academic, emotional, and behavioral difficulties. Common roles and functions of the School Psychologist include psychological assessment, counseling, consultation, crisis intervention, research, and program evaluation. School Psychologists work with students, their families, and school staff in order to help students be as successful as possible in school. The program is designed to provide students the academic and practical training necessary to become licensed as a Licensed Specialist in School Psychology by the Texas State Board of Examiners of Psychologists. Graduates are eligible to apply for certification as a Nationally Certified School Psychologist, which is a nationally-recognized professional certification granted by the National Association of School Psychologists.

PROGRAM OPTIONS
The National Association of School Psychologists and the Texas State Board of Examiners of Psychologists both require master’s- and specialist-level programs in School Psychology to include at least 60 hours of coursework, including practicum and internship. These entities also provide very specific courses and domains of competence that must be reflected in the curriculum. The degree requirements and curriculum reflect these standards, which will facilitate the professional accreditation of the program and the licensure of our graduates. The requirements also are consistent with those of other School Psychology programs within the state.

The Master of Arts in School Psychology is a 66-hour program, and typically requires 3 to 4 years to complete.

The program includes coursework and field-based experiences related to psychological assessment, intervention, learning, child development, psychopathology, research, statistics, and professional issues. Students also complete a full-time internship in a school setting. Due to the clinical nature of this program and number of hours required, the degree does not have a Thesis option.

CAREER OPPORTUNITIES
School Psychology has been identified by the U.S. Department of Labor as a specialization that is likely to have faster than average employment growth. In addition, Texas has been identified as a state that will encounter one of the most serious shortages of School Psychologists in the near future. Thus, the job prospects for School Psychologists are very favorable. Minority and bilingual school psychologists are especially needed given the increasing diversity of public schools.

Admission Requirements

- Official transcripts indicating a Bachelor’s degree in Psychology, Special Education, Curriculum & Instruction, Sociology, or closely related field.

- Grade point average (GPA) of at least 3.0 (on a 4.0 scale) in the last 60 semester credit hours of coursework for the baccalaureate degree, as well as in all graduate-level coursework taken (if applicable). If an applicant’s GPA is between 2.70 and 2.99, probationary admission may be granted and the student must maintain a minimum of a 3.0 GPA during the first 12 hours of coursework.

- GRE Test Scores (including the Verbal Reasoning, Quantitative Reasoning, and Analytical Writing tests). Please note that there is not a cutoff score for the GRE; rather, GRE scores will be balanced with GPA and other criteria.

- Applicants whose native language is not English must submit an official score on the Test of English as a Foreign Language (TOEFL). Minimum scores include a score of at least 500 on the TOEFL Paper version, or a score of at least 61 on the TOEFL Internet version.

- Two letters of recommendation from professional references. These letters should specifically address the applicant’s academic and/or professional skills, and potential to succeed in a rigorous graduate program.

- A Statement of Purpose (approximately 500 words) which outlines the applicant’s: (1) reasons for pursuing the M.A. degree in School Psychology; (2) experiences relevant to the field of psychology or education; and (3) career plans.

How to Apply

Apply through the UTSA Graduate School at http://graduateschool.utsa.edu. Please send all USPS mail (transcripts, etc.) to:

The University of Texas at San Antonio
Attn: The Graduate School
One UTSA Circle
San Antonio, TX 78249
