Internship Placement

Once you have been accepted into the Women’s Studies Internship Program, you will be required to meet with your Internship Coordinator in order to sign the Internship Agreement Form, the Release and Indemnification Form, and be registered for the WS 4933 course. This initial meeting will provide you the opportunity to discuss what sort of internship would be most interesting to you and most valuable to your academic and professional objectives, as well as determine which San Antonio employer* you might be interested in interning with. (Opportunities outside of the San Antonio area are possible as well. Please consult with your Internship Coordinator to explore these possibilities.)

Subsequently, you will be required to schedule a meeting with your potential employer. Keep in mind that each employer will have separate and different interviewing processes/procedures and deadlines. It is your responsibility to be as informed about your employer’s processes/procedures and deadlines.
