To Cooperating Teachers:

The College of Education and Human Development at the University of Texas at San Antonio is pleased to welcome you to the team of professionals who will contribute to the training of future teachers.

Taking on the task of guiding a student teacher through those first real experiences in the classroom is a mixed blessing. While it is a benefit to have a pre-professional to assist in working with your students, a substantial amount of time and effort is required of you in helping your student teacher to become a successful member of our profession. Our university faculty and staff are prepared to assist you in this endeavor. If you encounter problems or simply have questions concerning your student teacher or the program, please contact the university field supervisor as soon as a concern arises.

It is our sincere hope that as you share your knowledge and experience with a prospective teacher, you too will gain new insights and confidence in your chosen profession.

To Student Teachers:

Welcome to what will be the most exciting and challenging semester of your educational experience!

As you embark on this new venture, you will be guided by your cooperating teacher and your university field supervisor whose prime interest is seeing that you have a successful experience and develop into a competent and confident professional teacher. Many opportunities for learning, trial and error, and growth will be made available to you during this time. We encourage you to take advantage of these opportunities, to see your missteps not as failures, but as learning experiences, and to feel satisfaction in your growing competence.

We hope that you, your cooperating teacher, your university field supervisor, and all the university faculty and staff will be proud of you as you enter the profession you have chosen.

Sincerely,

Janet K. Scott

Janet Scott, M.A.
Director of Student Teaching
University of Texas at San Antonio
Chapter 22.051  Subchapter B: Civil Immunity

DEFINITION; OTHER IMMUNITY.  (a) In this subchapter, “professional employee of a school district” includes:

(2) a teacher employed by a company that contracts with a school district to provide the teacher’s services to the district;
(3) a student in an education preparation program participating in a field experience or internship;
(4) a school bus driver certified in accordance with standards and qualifications adopted by the Department of Public Safety of the State of Texas;
(5) a member of the board of trustees of an independent school district; and
(6) any other person employed by a school district whose employment requires certification and the exercise of discretion.

Added by Acts 2003, 78th Leg., ch. 204, sect. 15.01, eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 1197, sect. 1, eff. Sept. 1, 2003.

Section 22.0511. IMMUNITY FROM LIABILITY.  (a) A professional employee of a school district is not personally liable for any act that is incident to or within the scope of the duties of the employee’s position of employment and that involves the exercise of judgment or discretion on the part of the employee, except in circumstances in which a professional employee uses excessive force in the discipline of students or negligence resulting in bodily injury to students.

(b) This section does not apply to the operation, use, or maintenance of any motor vehicle.

(c) In addition to the immunity provided under this section and under other provisions of state law, an individual is entitled to any immunity and any other protections afforded under the Paul D. Coverdell Teacher Protection Act of 2001 (20 U.S.C. Section 6731 et seq.), as amended. Nothing in this subsection shall be construed to limit or abridge any immunity or protection afforded an individual under state law. For purposes of this subsection, “individual” includes a person who provides services to private schools, to the extent provided by federal law.

Please note: Student Teachers from the University of Texas at San Antonio receive no pay during their student teaching experience.
STUDENT FITNESS TO TEACH POLICY

In accordance with UTSA’s HOP § 5.17, “Student Fitness for Professional Practice”, the College of Education and Human Development (COEHD) adopts the following as its Fitness to Teach policy.

The College of Education and Human Development (COEHD) offers a curriculum designed to academically prepare individuals for the teaching profession. However, satisfying the curriculum and testing requirements alone does not make a candidate worthy for The University of Texas at San Antonio (UTSA) to recommend the candidate to the State of Texas for teaching certification. All teacher candidates in the UTSA Teacher Certification Program (TCP) are expected to demonstrate that they are prepared to teach children and youth. This preparation results from the combination of successful completion of university coursework and the demonstration of important human characteristics and dispositions that all teachers should possess.

A. Required Documentation

Prior to admission to the TCP, all teacher candidates will be apprised of the Fitness to Teach (FTT) policy. This policy applies to all students upon enrollment in the TCP, and to students completing coursework in the COEHD that requires interaction with schools, and remains so until completion of their program.
1. In October and March a reminder will be sent to faculty to use the Referral Forms for Identification of Outstanding TCP Students or the Faculty Concerns Regarding Fitness to Teach. Faculty may submit the referral forms at any time prior to or during the professional level courses.
2. The completion of these forms will allow the COEHD to identify teacher candidates who display outstanding knowledge and/or skills that deserve recognition and identify those who may have some difficulties that raise concerns about the candidate's ability to successfully complete the program. All forms completed will be sent to the Associate Dean for Teacher Education.
3. Students must be in good standing with the UTSA.
   a) Students seeking admission to the Undergraduate Teacher Certification Program who have ever been referred to UTSA’s Office of Student Conduct and Community Standards (“SCCS”) may have those referrals and the outcomes of those referrals considered by the Associate Dean for Teacher Education in determining whether to grant admission to the Program. Admission is at the discretion of the Associate Dean for Teacher Education.
   b) Students requesting admission to the Program who have cases pending with the SCCS will not be admitted until the SCCS case has been fully adjudicated.

REV 2012
B. Fitness To Teach Criteria

In addition to curriculum and testing requirements addressed in the UTSA catalog and other UTSA policies, all TCP teacher candidates will be screened throughout their program according to the criteria addressed in this policy, including dispositions for teaching. Dispositions for teaching are defined as those professional attitudes, values, and beliefs expected of an education professional contained in this document. As a professional program, the COEHD reserves the right to recommend or not recommend teacher candidates for certification. If all criteria are not met satisfactorily, teacher candidates may be denied full acceptance into the Teacher Certification Program and/or denied the opportunity to student teach. Without unconditional acceptance into the TCP and successful completion of all course work, field work, and student teaching or its equivalent, the university does not recommend teacher candidates for Texas Teacher Certification. All teacher candidates referred for review are expected to participate in the process. Refusal to participate will not terminate or invalidate the process. Fitness to Teach reviews are internal institutional reviews and are not open to the public, including family members, friends, and other professionals unless specifically requested by the Associate Dean for Teacher Education.

1. Completed Criminal History Review

In accordance with Texas Education Code 22.083, an examination of each teacher candidate’s criminal history will be conducted by the independent school district (ISD) prior to participation in field-based course work, including student teaching. Criminal history record information, which includes both conviction and arrest records is obtained. An ISD or other school field-based entity may deny placement of students with a criminal background. The student’s clearance for fieldwork is the prerogative of the ISD or participating entity and not UTSA. If a student is unable to obtain a field-based placement, he/she will not meet UTSA’s requirements for recommendation for teacher certification. If a student cannot complete course-required field work because of their criminal history, the student will be required to withdraw from the course. The student may retake the course if and when the criminal history changes, allowing them to be cleared by the school district. If the offense is one that will preclude any further field work, the student will be dismissed from the teacher education program.

2. Academic Requirements

a. Teacher candidates attend all classes as required. Preparedness for class and punctuality are expected at all times.
b. Teacher candidates complete course assignments in a professional manner according to the timelines designated by the course instructor.
c. Teacher candidates complete all field experiences in a professional and timely manner as required.
d. Scholastic Integrity

The teacher candidate demonstrates honesty and integrity by being truthful about background, experiences, and qualifications; doing one’s own work; giving credit for the ideas of others; and providing proper citation of source materials.
e. Communication Skills

The teacher candidate demonstrates written and oral skills expected of an education professional that shows the ability to comprehend information and communicate ideas and feelings.

(1) **Written:** Writes clearly, uses correct grammar and spelling. Demonstrates professional level skills in written English to understand content presented in the program and to adequately complete all written assignments, as specified by faculty.
(2) **Oral:** Communicates effectively with other students, faculty, staff, and professionals. Expresses ideas and feelings clearly and demonstrates a willingness and an ability to listen to others. Demonstrates professional level skills in spoken English to understand content presented in the program, to adequately complete all oral assignments, and to meet the objectives of field placement experiences, as specified by faculty.

(3) **Electronic communication:** The teacher candidate refrains from inappropriate communication with a student including electronic communications by cell phone, text messaging, email, instant messaging, blogging, facebooking, and other social network communication.

3. **Personal and Professional Requirements**
   a. A teacher candidate does not reveal confidential information concerning students unless disclosure serves professional purposes or is required by law.
   b. Teacher candidates demonstrate interpersonal skills that are required for successful professional teaching. These skills include:
      1. An openness to accepting and testing the results of unfamiliar ways of teaching;
      2. The ability to accept and act upon reasonable criticism;
      3. The ability to understand others’ perspectives about teaching;
      4. The ability to separate personal and professional issues when in the classroom or completing course work;
      5. The ability to work collegially with parents, teachers, staff, and administrators in school settings and elsewhere;
      6. The ability to work collegially and productively with classmates in course assigned group projects;
      7. The disposition to act always for the benefit of all students.
   c. The teacher candidate does not sexually harass others; make verbal or physical threats; become involved in sexual relationships with their students, supervisors, or faculty; abuse others in physical, emotional, verbal, or sexual ways.
   d. Teacher candidates demonstrate positive personal hygiene habits.
   e. Teacher candidates dress appropriately for their professional contexts.

4. **Cultural and Social Attitudes and Behavior**
   a. Teacher candidates exhibit respect for superiors, peers, and children and youth in all settings.
   b. Teacher candidates understand and appreciate the value of diversity and look beyond self in interactions with others; respect differences of race, ethnicity, religion, and social class, national allegiance, and cultural heritage. Teacher candidates do not impose personal, religious, sexual, and/or cultural values on others.
   c. Teacher candidates exhibit acceptance of and provide accommodations for exceptional learners.
   d. Teacher candidates are able to work productively with their peers.
   e. Teacher candidates are able to speak in a manner appropriate to the context of the classroom.
   f. Teacher candidates must display positive attitudes toward faculty, colleagues, and students.
   g. Teacher candidates demonstrate positive social skills in professional and social interactions with faculty, colleagues, parents, and students.

5. **Physical Skills**
The teacher candidate exhibits motor and sensory abilities to attend and participate in class and practicum placements, with or without accommodations as recommended by the Office of Disability Services.

Note:
No otherwise qualified teacher candidate shall, on the basis of disability, be subjected to discrimination or excluded from participation in the TCP. A teacher candidate with a disability may be protected by Section 504 of the Vocational Rehabilitation Act and the Americans with Disabilities Act and be eligible for a reasonable accommodation that will provide an equal opportunity to meet the academic criteria related to professional behavior and scholastic performance. Any otherwise qualified teacher candidate with a qualified disability who requests a reasonable accommodation must notify the Office of Disability Services and provide documentation as needed. The Office of Disability Services makes recommendations for accommodations. A COEHD ad hoc committee will review academic performance criteria in light of individual circumstances to explore issues of appropriate accommodation. An initial assessment, subsequent plans, use of outside experts (including the Office of Disability Services), and periodic checks between the committee and the teacher candidate are appropriate courses of action in making accommodations.

6. Emotional Dispositions
a. Stress Management
The teacher candidate demonstrates the ability to deal with current life stressors through the use of appropriate coping mechanisms. He or she handles stress effectively by using appropriate self-care and developing supportive relationships with colleagues, peers, and others.
b. Emotional and Mental Capabilities
The teacher candidate uses sound judgment.
The teacher candidate demonstrates the emotional and mental health required to function effectively as a teacher.
c. Cognitive Dispositions
(1) Teacher candidates think analytically about educational issues.
(2) Teacher candidates are thoughtfully reflective about their practice.
(3) Teacher candidates are flexible, open to new ideas, and willing and able to modify their beliefs and practices.
(4) Teacher candidates question and test their assumptions about teaching and schooling.

C. Admission to Teacher Certification Program at UTSA

1. Provisional Acceptance
All teacher candidates at UTSA are provisionally admitted to the Teacher Certification Program upon application and satisfactory completion of all admission criteria.

2. Unconditional Acceptance
Unconditional acceptance in the Teacher Certification Program is granted prior to the student teaching (or internship) experience if the following conditions are met: there are no outstanding negative Fitness to Teach reviews that a candidate has not successfully remedied and the teacher candidate has earned the required grades in any and all Approaches or Models of Teaching courses. Approaches courses are
offered in the Division of Bicultural Bilingual Studies, the Department of Health and Kinesiology, and the Department of Interdisciplinary Learning and Teaching.

3. Probationary Acceptance
Teacher candidates are placed on probationary status in the case of a Level 1 or 2 Formal Review. (See below.) Teacher candidates will remain on probationary status until such time as they have successfully completed a remediation plan or a decision to revoke candidacy has been made. If a student successfully completes a remediation plan and additional Fitness to Teach referrals arise, the student’s full program history will be reviewed to determine the student’s status in the program.

D. Conditions for Completion of Student Teaching/Internship

Successful completion of student teaching/internship is a condition for meeting teacher certification requirements. Students may attempt student teaching/internship a maximum of two times. If the student does not successfully complete the second student teaching experience, they will not be eligible to enroll in student teaching a third time. The student may appeal to the Fitness to Teach Council to be reinstated only in the case of documented extenuating circumstances.

E. Review of Teacher Candidates at UTSA

All teacher candidates referred for review are expected to participate in the process. Refusal to participate will not terminate the process. The level of review will depend on factors such as the nature, severity, frequency of the incident or concern. For example, repeated violations may result in immediate Formal Level 2 review. Violations of the UTSA or host school district’s student code of conduct will result in immediate Level 2 Formal Review.

1. Informal Review
An informal review involves a faculty member and a teacher candidate. When a faculty member has concerns about a teacher candidate meeting any of the fitness to teach criteria, the faculty member will: a. discuss the concerns directly with the teacher candidate and seek to work with the candidate to resolve the difficulties; b. advise the appropriate department head and the dean or his or her designee of the concern(s) in order to identify potential patterns and issues related to the teacher candidate; c. document dates and content of meetings with teacher candidates.
If a problem arises in the field, the cooperating teacher of the host school district may discuss concerns directly with the UTSA faculty member. The teacher candidate may also be included in this meeting.

2. Formal Review: Level 1
When a faculty member is sufficiently concerned about a teacher candidate's fitness to teach, he or she will fill out the Fitness to Teach Formal Review Level 1 form. These forms are to be turned in to the Associate Dean for Teacher Education or his or her designee.
A three-way conference will then be scheduled with the instructor, the teacher candidate, and the Associate Dean or his or her designee. During this conference, a plan for remediation will be developed. The nature and content of the plan will depend on the specific situation. However, all remediation plans will be stated in measurable, objective terms, include a reasonable timeline, and be signed by all parties involved. If the candidate fails the remediation plan(s) he/she will be placed on Level 2 Formal
Review. If the candidate successfully completes the remediation plan, probationary status will be removed. The remediation plan may continue for more than one semester, depending on the individual circumstances.

3. Formal Review: Level 2

If a second incident or concern is reported on the same teacher candidate, the candidate has failed a remediation plan during the Level 1 Review, or the seriousness of the incident or concern warrant it, the Fitness to Teach Council will be convened. This group (made up of faculty and chaired by the Associate Dean or his or her designee) will meet to:

a. review the paperwork,

b. interview the faculty members who have instructed the teacher candidate,

c. interview the teacher candidate,

d. make a determination regarding the teacher candidate's suitability to continue in the program.

The teacher candidate is afforded due process throughout these proceedings. Following a Level 2 review, a letter of appeal may be submitted to the Dean of the college for consideration. The Dean's decision is final.

REV 2012
WORDS TO THE WISE

1. E-mail Addresses
   a) Student teacher supervisors will communicate with student teachers through the student teacher’s UTSA e-mail address. Observation, Midway and Summative Forms will be sent only to the student teacher’s UTSA e-mail account. Student teachers should regularly check their UTSA e-mail account for communication from their supervisor, the University Career Center, and other UTSA offices.
   b) Student teachers are advised to use care when listing ‘casual’ e-mail addresses with school district personnel. Some e-mail addresses create unfavorable reactions and should not be used for professional correspondence.

2. Social Networking Sites
   a) Student teachers must exercise extreme caution with social networking sites such as Facebook. Photographs and comments on such sites occasionally create unflattering impressions. Student teachers should restrict access to their own sites and under no circumstances should student teachers allow their students access to their social networking site. Student teachers should not communicate with their students on social networking sites.
   b) It should be assumed that information published on a social networking site will be examined by school district personnel officers prior to hiring a new teacher.
   c) UTSA student teacher supervisors reserve the right to examine student teachers’ social networking sites.

3. Dress Code
   a) Student teachers are perceived to be professionals in the schools and consequently, their dress should reflect professional standards.
   b) Student teachers should follow school district dress and grooming guidelines as reflected in student and employee handbooks and should follow district guidelines while at school and while attending school related events.

4. Telephones
   a) Student teachers should be aware of the impression that their outgoing phone messages leave. Because school district personnel and university supervisors occasionally call student teachers, unprofessional phone messages should be changed during the student teaching semester.
   b) Cell phones are to be turned off during the day while student teachers are in their school placement or in UTSA seminars.

5. Liability Insurance: The University of Texas at San Antonio does not provide pre-service teachers with liability insurance. It is recommended that pre-service teachers purchase liability insurance coverage from professional organizations such as ATPE, TCTA, or others.
DEALING WITH CONFLICT

Occasionally student teachers and cooperating teachers have conflicts or misunderstandings about issues in the classroom. Decisions about managing student behavior, writing lesson plans, or teaching lessons may cause disagreements. The following discussion is offered to minimize misunderstandings and maximize professional dialogue between student teachers and cooperating teachers.

Basic Understandings:

1. Student teachers are guests in the classrooms of their cooperating teachers and therefore should follow the cooperating teacher’s lead and suggestions.
2. Communicating on a regular basis about classroom issues will lessen the likelihood of conflict and will encourage professional dialogue. Student teachers and cooperating teachers are strongly encouraged to establish a specific time each week to communicate about classroom issues and to make every effort to adhere to their established meeting time.
3. Airing differences of opinion as they become apparent is encouraged. Simply hoping that areas of conflict will go away is rarely an effective strategy.

Periodically, student teachers and cooperating teachers need assistance in sorting out differences of opinion. The following problem solving steps are suggested:

1. During the regularly scheduled weekly communication time, discuss the problem.
2. Use active listening skills to understand the other person’s perceptions. Try to restate, paraphrase and summarize what the other person has said.
3. Focus on work issues and leave personalities out of the discussion.
4. Listen with empathy and see the conflict from the other person’s point of view.
5. Brainstorm possible solutions and be open to all ideas.
6. Decide on a solution and put the solution into practice.
7. Discussion should be calm, courteous, and professional.

If a solution cannot be agreed upon or if there is continuing conflict, please contact the student teacher supervisor. The supervisor may suggest a three-way conference or meeting to help negotiate a solution to the problem.
REMOVAL OF A STUDENT TEACHER FROM HIS/HER PLACEMENT

The Student Teaching program is a cooperative relationship between UTSA, school districts, schools, cooperating teachers, and student teachers. A student teacher is a guest in the classroom of his/her cooperating teacher and should behave as such. Occasionally circumstances warrant the removal of a student teacher from his/her placement. Reasons for removal from a student teaching placement include, but are not limited to, excessive absences from school or UTSA seminars, unprofessional conduct by the student teacher toward school personnel or students, or failure by the student teacher to establish a satisfactory level of performance in the classroom.

If a student teacher is removed from his/her placement, a Fitness to Teach conference will be held with the student teacher, university supervisor, and director of student teaching. Options for the student teacher will be explored during the conference.

STUDENT TEACHER COMPENSATION

Policy: During the student teaching semester, student teachers are not permitted to receive compensation from the school district to which they are assigned for any jobs or tasks performed. These jobs include but are not limited to:

1) Substitute Teacher
2) Tutor
3) Coach
4) Athletic Trainer
5) Club Sponsor

After the student teaching semester has been completed, student teachers are eligible for employment in any position for which they are qualified.
FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
  - School officials with legitimate educational interest;
  - Other schools to which a student is transferring;
  - Specified officials for audit or evaluation purposes;
  - Appropriate parties in connection with financial aid to a student;
  - Organizations conducting certain studies for or on behalf of the school;
  - Accrediting organizations;
  - To comply with a judicial order or lawfully issued subpoena;
  - Appropriate officials in cases of health and safety emergencies; and
  - State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

Informal observations should begin as soon as the student teacher begins to teach. These observations serve as valuable formative tools. Informal observations can be done on plain paper and simply consist of notes made during the observation. As soon as possible after the lesson, discuss strengths and areas for growth. Informal observations should continue throughout the semester.

Formal observations are done on UTSA Observation forms. Formal observations should be done at consistent intervals throughout the semester.
- The Readiness to Teach evaluation is completed at the halfway point in the placement.
- The Summative Form will be the final evaluation. It is completed at the end of the placement.
- The On-Going Checklist should be completed prior to each observation visit by the university supervisor.
COMPENSATION DAY FOR COOPERATING TEACHERS

Cooperating teachers play a vital role in preparing student teachers to achieve certification and begin their professional careers in public schools. A Compensation Day is offered as an acknowledgement of the service the cooperating teacher provides.

If the school/district approves, the Compensation Day may be taken during the last two weeks of the student teaching semester. The student teacher will be the substitute teacher but will receive no pay for this substitute day. The Compensation Day should not be scheduled for a day that the student teacher will be in a seminar or in class at UTSA.

UTSA does not provide a form since many campuses/districts have their own procedures. Some districts have a printed form that must be signed by the cooperating teacher, the student teacher, and the university supervisor. Other districts require only verbal approval from the cooperating teacher and the university supervisor. Whatever format the campus/district uses, this notice serves as documentation for university approval.

Contact the university supervisor if you have any questions.

NOTE:

Except for the Compensation Day, student teachers should not be used as unpaid substitute teachers. If a cooperating teacher is going to be absent, a substitute teacher should be present in the classroom.
CONTINUING PROFESSIONAL EDUCATION CREDIT FOR COOPERATING TEACHERS

The Texas Education Agency (TEA) requires that educators with Standard Certificates accrue Continuing Professional Education (CPE) hours in order to renew Standard Certificates. Serving as a mentor teacher may count toward 30% of the required clock hours to renew a certificate.

As a provider of CPE, UTSA’s College of Education and Human Development will provide each mentor teacher, via email, with a certificate indicating a total of 20 clock hours per semester served as a cooperating teacher. The cooperating teacher may repeat the experience one time for an additional 20 clock hours if he/she serves as a cooperating teacher during an additional semester. The maximum number of CPE hours that may be earned by serving as a cooperating teacher for a UTSA student teacher is 40 hours.

It is expected that cooperating teachers for UTSA student teachers will do the following:

• During the first two weeks of the placement, review the Cooperating Teacher Orientation Vodcast with their student teacher and sign an Affidavit to that effect
• Review the UTSA Student Teacher-Cooperating Teacher Handbook
• Schedule weekly communication sessions with their student teacher in order to discuss student issues and lesson plans, and school/grade level/team procedures and expectations
• Formally and informally evaluate their student teacher’s performance and conference regularly with their student teacher about his/her performance in the classroom
• Communicate regularly with the university field supervisor

Registration for this CPE is not required and no fee is charged.
ROLE OF THE UNIVERSITY SUPERVISOR

As liaison representing the College of Education and Human Development, the university supervisor will observe, evaluate, and confer with each student teacher and cooperating teacher. This collegial team facilitates the planning, implementation, and evaluation of experiences that will increase the professional competence of the student teacher.

Responsibilities of the university supervisor include:

1. Observing at least three lessons during the student teaching experience.
2. Providing specific objective feedback on lesson plans, observations and other assignments.
3. Conferencing with the student teacher after each observed lesson, at the midway point in the semester as needed, and at the end of the semester.
4. Communicating with the cooperating teacher to provide orientation at the beginning of the semester and on a continuing basis throughout the semester.
5. Conducting regularly scheduled seminars.
STUDENT TEACHER ABSENTEEISM

Regular attendance is required and the student teacher is expected to be in attendance at his/her school placement or at UTSA for seminars conducted by the university supervisor.

Job Interviews are allowed during the student teaching semester, however, notification and approval by the supervisor must be obtained prior to the interview. Every effort should be made to arrange the interview for after school hours.

Student teachers are allowed 3 excused absences due to illness or emergency. Arrangements must be made to make up any additional loss of time at the end of the scheduled student teaching period.

If it is necessary for the student teacher to be absent for one or several days during the student teaching experience, the student teacher is required to do the following:

1. Telephone the assigned school as soon as possible and report the absence to the school secretary, or inform her the day before the absence.

2. Inform or telephone the cooperating teacher of the absence immediately.

3. Inform the university supervisor of the absence.

4. In emergency cases, the rule of prudent judgment should apply, including emergencies that may occur during the school day.

ACCIDENTS AT SCHOOL

In the event of an accident or injury occurring at school or at school related events, the student teacher should follow this procedure:

1. Notify the school nurse as soon as possible after the accident or injury occurs.

2. Notify the cooperating teacher and university supervisor as soon as possible after the accident or injury occurs.

3. In emergencies, the rule of prudent judgment should apply.

4. Student teachers are not employees of their assigned school districts. Therefore, student teachers are not eligible for Workers’ Compensation in case of accidents at school.

Your university supervisor will find it helpful to use your portfolio as a means of evaluating your entire student teaching experience over a period of time. In addition, most prospective employers will find your portfolio to be very useful during the interviewing process. With this in mind, carefully select the materials that you will be adding to your portfolio. Please include the following:

1. Resume

2. Philosophy of Education
