Below, driving and parking directions are provided to the designated parking garage for each symposium event day. Yard signs will be posted to direct you to the parking garages.

Thursday, August 2, 2012: Driving and Parking Directions to Tobin Ave./North Garage

The symposium begins with the Fourth Annual HEASA Distinguished Lecture at 6:00 P.M. in the Main Building Auditorium, Room 0.104, and is followed by a reception in the Main Building Lobby on the ground floor.

Free parking is available in the Tobin Ave./North Garage located off Margaret Tobin Avenue. A parking attendant will greet you at the entrance to the garage. Please provide your name and state that you are attending the Distinguished Lecture. Your symposium pre-registration (via EventBrite: http://thes2012.eventbrite.com/) will ensure that your name will be listed on the parking roster. You will be directed to park on the ground floor of the garage and provided with a campus map, highlighting the Main Building, the site of the lecture. It is a 10-minute walk from the Tobin Ave./North Garage to the Main Building so please allow extra time to park, walk, and receive your registration packet in advance of the lecture’s 6:00 P.M. start time.

NOTE: Due to construction, access to the UTSA Campus via John Peace Boulevard is closed. The driving directions to the Tobin Ave./North Garage reflect this detour.

Friday, August 3, 2012: Driving and Parking Directions to the Bosque St./South Garage

There are four events on Friday, August 3, 2012, for the Fourth Annual Texas Higher Education Symposium:

- Working Groups
- Scholarly Presentations
- Poster Session
- Luncheon with Keynote Speaker

Free parking for these events is available in the Bosque St./South Garage. Do not park in spaces marked “24-Hour Reserved”. When you enter the garage, obtain a parking ticket. Take this ticket to the symposium registration/information table to receive a pre-paid parking card to use when you exit the garage.

When exiting the garage, you will swipe the card on the left-hand side of the machine (see green arrow below). The gate will lift.
