N O T E S

1. Total number of hours for the Master's degree in School Psychology is 66 semester credit hours.
2. UTSA requires a background of 18 semester credit hours in a field of study appropriate to the master's degree sought. Students with the appropriate background in Psychology, Education, or a closely related field will not be required to take background requirements for the degree. Students who are admitted to the program without appropriate background courses must take background courses. Background courses must be approved by the Graduate Advisor of Record.
3. Candidates for the M.A. degree in School Psychology must earn a minimum of 66 semester credit hours. Students must pass a comprehensive examination toward the end of their formal coursework. The examination may be repeated, but students must be registered for coursework at UTSA during the semester in which they take the exam. Thus, students who have finished all of their required coursework but have not passed the comprehensive examination must register for EDP 6961 Comprehensive Examination during the semester in which they take the exam.
4. With departmental approval, a maximum of six hours of coursework already taken and passed with a B or better in an equivalent course as the degree and must be transferred during the first semester of study at UTSA. No class counted toward another degree can be used to satisfy the requirements of the M.A. in School Psychology. Classes applied to another graduate degree may serve as substitutes for up to 6 hours of core classes with the student's advisor's approval (but students will need to take additional courses, with advisor approval, to achieve the 66 hours necessary for the M.A. degree). Students will need to provide copies of the course syllabus and a transcript indicating course completion and grade.
5. Only one course with a grade of "C" (defined as grades of "C" or "C+") will be accepted toward this degree. A minimum of a 3.0 grade point average will be required for graduation. Those students who obtain a grade of "C" will be required to complete a remediation plan (i.e., retaking appropriate coursework and/or taking other coursework as deemed necessary by the student's advisor and Graduate Advisor of Record). Students on academic probation or not in good academic standing will not be permitted to enroll in Practicum courses.
6. Students must earn a "B" or better in all Practicum courses. Students who fail must retake that course and earn a "B" or better before progressing in the school psychology course sequence.
7. Graduation candidates must apply for graduation early in the semester in which they plan to graduate through the ASAP student account. Deadlines are posted on the schedule of classes.

School Psychology Suggested Course Sequencing:
